

Mini-Project Report

Engineering Subject Centre Mini-Project Report:
**The wider teaching of sustainability
based upon student perceptions and
the expectations of professional
bodies**

December 2007

Authorship

The report was commissioned by the Higher Education Academy - Engineering Subject Centre and was written by:

Roger Penlington, School of Informatics, Engineering and Technology, Northumbria University

Edited by Engineering Subject Centre staff

Acknowledgements

This work was funded by the Higher Education Academy Engineering Subject Centre through the mini-project funding stream and would not have been possible without the help of colleagues, Chris Connor, Peter Norman, Sharon Joyce, Tim Short and Mike Anusas and of course the students who assisted in providing and collecting data.
